Coding Your Remotes into Your Opener

- 1. Open cover of motor. For some motors you may need to remove a screw to allow it to open.
- 2. Press the RED push button on the circuit board.
- 3. Press and hold the desired button on the new remote control for two seconds, or until the LED stops flashing.

Deleting the Codes from Your Opener

- Open cover of motor. For some motors you may need to remove a screw to allow it to open.
- 2. Push and hold the RED push button on the circuit board for ten seconds
- 3.After a few seconds the light will begin to blink and after ten seconds it will remain solid.
- 4. After the LED goes solid, release the button.
- 5. Test remote to make sure codes have been deleted.
